THE TERMINAL NERVE (NERVUS TERMINALIS)

STRUCTURE, FUNCTION, AND EVOLUTION[a]

Editors and Conference Organizers
LEO S. DEMSKI AND MARLENE SCHWANZEL-FUKUDA

CONTENTS

Introduction. *By* LEO S. DEMSKI and MARLENE SCHWANZEL-FUKUDA ix

Part I. Evolutionary Perspectives

Phylogeny of Luteinizing Hormone-Releasing Hormone Systems in Protochordates and Vertebrates. *By* LEO S. DEMSKI..... 1

Part II. Terminal Nerve and Related Systems in Fishes, Cold-Blooded Tetrapods, and Birds

The Terminal Nerve of Sharks and Rays: Electron Microscopic, Immunocytochemical, and Electrophysiological Studies. *By* LEO S. DEMSKI, R. DOUGLAS FIELDS, THEODORE H. BULLOCK, MARTIN P. SCHREIBMAN, and HENRIETTA MARGOLIS-NUNNO..... 15

Synaptic Interactions in the Nervus Terminalis Ganglion of Elasmobranchs. *By* JOEL WHITE and MICHAEL MEREDITH 33

The Terminal Nerve and Its Development in the Teleost Fishes. *By* HEINRICH MÜNZ and BARBARA CLAAS 50

Reproductive Biology of the Terminal Nerve (Nucleus Olfactoretinalis) and Other LHRH Pathways in Teleost Fishes. *By* MARTIN P. SCHREIBMAN and HENRIETTA MARGOLIS-NUNNO 60

Electrophysiology of the Terminal Nerve in Cyprinids. *By* ICHIRO FUJITA..... 69

Functional-Anatomical Studies on the Terminal Nerve Projection to the Retina of Bony Fishes. *By* WILLIAM K. STELL, STEVEN E. WALKER, and ALEXANDER K. BALL 80

[a]This volume is the result of a conference entitled The Terminal Nerve (Nervus Terminalis): Structure, Function, and Evolution, held by the New York Academy of Sciences in New York, New York, on February 2-4, 1987.

Medial Olfactory Tract Pathways Controlling Sexual Reflexes and Behavior in Teleosts. *By* ANN L. KYLE, PETER W. SORENSEN, NORMAN E. STACEY, and JOSEPH G. DULKA 97

Regulation of Reproductive Behaviors in Amphibians by LHRH. *By* FRANK L. MOORE, LINDA MUSKE, and CATHERINE R. PROPPER..... 108

LHRH Systems in the Amphibian Nervous System: Comparative Neuroendocrinology of Development. *By* JOE WILLIAM CRIM.. 117

Modification of Reproductive Rhythm in Lizards via GnRH Therapy. *By* J. A. PHILLIPS and B. L. LASLEY..... 128

The Olfactory and Related Systems in Birds. *By* BERNICE M. WENZEL..... 137

Part III. Terminal Nerve and Related Systems in Mammals: Anatomic Studies

Hormones and Neurotransmitters in the Mammalian Olfactory System. *By* F. MACRIDES, T. A. SCHOENFELD, A. N. CLANCY, M. S. A. KUMAR, and R. M. KREAM..... 150

The Nervus Terminalis in the Mouse: Light and Electron Microscopic Immunocytochemical Studies. *By* LOTHAR JENNES 165

Nervus Terminalis, Olfactory Nerve, and Optic Nerve Representation of Luteinizing Hormone-Releasing Hormone in Primates. *By* JOAN W. WITKIN..... 174

The Nervus Terminalis in Insectivorous Bat Embryos and Notes on Its Presence during Human Ontogeny. *By* JERRY WILLIAM BROWN..... 184

The Terminal Nerve in Odontocete Cetaceans. *By* SAM H. RIDGWAY, LEO S. DEMSKI, T. H. BULLOCK, and MARLENE SCHWANZEL-FUKUDA 201

The Immunocytochemical Localization of Luteinizing Hormone-Releasing Hormone in the Brain of the Gray Short-Tailed Opossum (*Monodelphis domestica*). *By* MARLENE SCHWANZEL-FUKUDA, BARBARA H. FADEM, MARIA SOLEDAD GARCIA, and DONALD W. PFAFF 213

Luteinizing Hormone-Releasing Hormone in the Vomeronasal System and Terminal Nerve of the Hamster. *By* MICHAEL N. LEHMAN, SARAH W. NEWMAN, and ANN-JUDITH SILVERMAN 229

Part IV. Terminal Nerve and Related Systems in Mammals: Physiological and Behavioral Studies

Effects of Lesions of the Terminal Nerve on Mating Behavior in the Male Hamster. *By* CELESTE R. WIRSIG..... 241

Involvement of Olfactory Bulb Catecholamines and Luteinizing Hormone-Releasing Hormone in Response to Social Stimuli Mediating Reproductive Functions. *By* DEAN E. DLUZEN and VICTOR D. RAMIREZ 252

Approaches to the Study of GnRH in Humans: Implications for Design of Effective Therapies. *By* WILLIAM F. CROWLEY, JR., MARCO FILICORI, NANETTE SANTORO, and DANIEL SPRATT .. 269

The Chemistry of Vomeronasally Detected Pheromones: Characterization of an Aphrodisiac Protein. *By* ALAN G. SINGER, WILLIAM C. AGOSTA, ANDREW N. CLANCY, and FOTEOS MACRIDES..... 287

Part V. Topics Related to Putative Terminal Nerve Function

Vertebrate Gonadotropin-Releasing Hormones: Phylogeny and Structure-Function Relationships. *By* R. E. PETER, H. R. HABIBI, T. A. MARCHANT, and C. S. NAHORNIAK 299

Luteinizing Hormone-Releasing Hormone as a Neurotransmitter in Bullfrog Sympathetic Ganglia. *By* STEPHEN W. JONES..... 310

Luteinizing Hormone-Releasing Hormone in Rat Brain: Gene Expression, Role as Neuromodulator, and Functional Effects. *By* D. W. PFAFF, K. JORGENSON, and L.-M. KOW..... 323

Innervation of the Cerebral Circulation. *By* LARS EDVINSSON 334

Interactions between the Olfactory System and the Terminal Nerve: Electrophysiological Evidence. *By* MICHAEL MEREDITH and JOEL WHITE..... 349

The Involvement of Nerve Terminals in the Paraganglionic Chemoreceptor System. *By* H. ACKER..... 369

Part VI. Expanded Poster Papers

Evidence for the Existence of a Terminal Nerve in Lampreys and in Birds. *By* DIETRICH L. MEYER, CHRISTOPHER S. VON BARTHELD, and HANS W. LINDÖRFER 385

Central Connections of the Terminal Nerve in Ray-Finned Fishes. *By* CHRISTOPHER S. VON BARTHELD..... 392

A Sex Pheromone System in Goldfish: Is the Nervus Terminalis Involved? *By* J. G. DULKA, N. E. STACEY, P. W. SORENSEN, G. J. VAN DER KRAAK, and T. A. MARCHANT 411

Studies on the Terminal Nerve and Its Central Connections in Goldfish. *By* HARRY E. SLOAN and LEO S. DEMSKI 421

Luteinizing Hormone-Releasing Hormone-Immunoreactive Neurons in the Amphibian Brain Are Distributed along the Course of the Nervus Terminalis. *By* LINDA E. MUSKE and FRANK L. MOORE 433

Development of the Nervus Terminalis in Mammals Including Toothed Whales and Humans. *By* HELMUT A. OELSCHLÄGER, EBERHARD H. BUHL, and JOAN F. DANN 447

Immunochemical Studies of the Location of Luteinizing Hormone-Releasing Hormone Neurons in the Nervus Terminalis of the Mouse. *By* M. S. GARCIA, M. SCHWANZEL-FUKUDA, J. I. MORRELL, and D. W. PFAFF 465

Index of Contributors 469
